### **LATICRETE 312 VAPOR REDUCTION MEMBRANE \$226.99**

Latapoxy 32 Vapor Reduction Membrane is a 3 component, roller applied, epoxy coating specifically designed to reduce vapor emission in substrates for various floor coverings.

### **LATICRETE 125 Sound & Crack Adhesive ...\$98.99ea**

A superior crack prevention and sound isolation adhesive mortar. Independently tested to ANSI A118.12 specification for crack isolation for ceramic tile and stone installations and independently tested to ASTM E2179 and ASTM E492 for sound protection. LATICRETE 125 Sound & Crack Adhesive is a two component adhesive mortar which takes the place of costly time consuming membrane or mat systems by allowing for faster more effective tile or stone installations.

Interior installation only
